# The *right plans* for the *right time*

If you're like most people, your needs are changing all the time, especially when it comes to health insurance. Maybe you're out of a job, maybe your employer doesn't offer coverage, or maybe coverage is just too expensive. **Assurant Health answers your needs with our limited-benefit plans.** Not only are they priced within your reach, they're packed with value to make sure you get your money's worth during this time of your life. And, Health Access gives you just that — **access** — access to the health care system, access to doctors and other providers, and access to discounts.

---

## Here's what Health Access offers:

### **Affordability**

Choose from modestly priced plans to find the one that fits your budget and lifestyle.

### **Usefulness**

These plans cover services you'll actually use, such as doctors' office visits, prescriptions, preventive care and immunizations. Plus, should you need them, you can select a plan that also has hospital benefits.

### **Value**

Squeeze extra value out of your plan and maximize any limits with numerous savings features.

### **Accessibility**

With only a few medical questions, it's easy to qualify for all Health Access plans.

### **Flexibility**

Keep your own doctors, choose individual or family coverage, and add coverage for dental and cancer benefits.

---

## What is a limited benefit plan?

These are limited-benefit plans, which means they have specific dollar limits on coverage to make them more affordable. Take a closer look at the specific benefits and limitations in this brochure so you'll know if Assurant Affordable Health Access plans are right for you. You can also get more information at [www.assuranthealthaccess.com](http://www.assuranthealthaccess.com).

# Take it to the limit

## *We help you stretch the value of these limited-benefit plans*

It won't take you long to realize the value of Health Access plans because they cover services for the **everyday needs** you will actually use. And to help you **maximize the limits** of these plans, look at some of the ways you can stretch the value and save money:

### **MultiPlan\***

Use providers in the MultiPlan network and receive our negotiated discounted rates.

### **Prescriptions through Medco®**

Use a Medco® participating pharmacy for discounts on your prescriptions.

### **LabCard Select\***

Save 20-60% on outpatient laboratory services by showing the LabCard Select logo on your ID card and requesting your doctor send your specimens to a contracted laboratory.

### **Retail Health Clinics**

Don't spend your money in the emergency room when a retail health clinic can treat certain conditions more affordably. Visit one of these convenient health care facilities for affordable, accessible, non-emergency care and prescriptions.

### **Patient Care\*\***

Patient Care is an independent advocacy service with specially trained health care advocates who will answer questions about your benefits, and research cost and quality data to help you save money.

---

Plus, we'll arm you with a **Health Insurance Reference Guide** full of valuable ideas to help you spend your health insurance dollars wisely and keep more money in your pocket.

---

\* These are non-contracted benefits that may be discontinued at any time.

\*\* Patient Care services are available to Assurant Health customers. These services are not part of the health insurance contract.
